

Factory-new actuator new-for-used program available from AAR!

AAR OEM Solutions is proud to partner with Arkwin Industries as their exclusive distributor for a broad line of engine actuation and aviation products for the commercial aviation aftermarket. AAR stocks, promotes and sells these parts to OEMs for new production, commercial airlines and MRO providers.

New exchange vs repair

Arkwin's commercial engine actuator new-for-used program, developed exclusively for the CFM56-5/-7, CF6-80C2, CF6-80E1 and CF34-8C/E engines, provides operators the reliability of factory-new OEM production units at a competitive price.

Benefits of the new-for-used program:

- Turnaround time 72 hours or less
- Factory-new warranty
- Warranty three-year/6000 EOH
- No unscheduled events due to inferior parts
- Available directly from AAR
